Permit Declaration Form

#1 Building Permit #

#2 Applicant Type: (Select either 2a or 2b)

2a- California Licensed Contractor's Declaration: I hereby affirm under penalty of perjury that I am licensed under the provisions of Chapter 9 commencing with Section 7000 of Division 3 of the Business and Professions Code, and my license is in full force and effect.

Applicant's Signature:	Date:
-------------------------------	--------------

2b- Owner-Builder's Declaration: I hereby affirm under penalty of perjury that I am exempt from the Contractors' State License Law for the reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) below. Per Business and Professions Code Section 7031.5, any city or county that requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the permit applicant to file a signed statement that he or she is either licensed (pursuant to Contractors' State License Law Chapter 9 Section 7000) or that he or she is exempt from licensure and provides the basis for the alleged exemption. Any violation of Section 7031.5 by a permit applicant subjects the applicant to a civil penalty up to \$500.00. **(Select all that apply below)**

I, as the owner of the property, or my employees with wages as their sole compensation will do all or portions of the work, and the structure is not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built or improved for the purpose of sale.

I, as the owner of the property, am exclusively contracting with licensed contractors to construct the project. (Section 7044, Business and Professions Code: The Contractors' State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a licensed Contractor pursuant to the Contractors' State License Law)

I am exempt from licensure under the Contractors' State License Law for the following reason:
By my signature below I acknowledge that, except for my personal residence in which I must have resided for at least one year prior to completion of the improvements covered by this permit, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following web site:

3a- Worker's Compensation Declaration: I hereby affirm under penalty of perjury one of the following declarations: **(Select one)**

I certify that, in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to the workers' compensation laws of California, and agree that, if I should become subject to the workers' compensation provisions of Section 3700 of the Labor Code, I shall forthwith comply with those provisions.

Owner-Builder Acknowledgment and Information Verification

We are providing you with this Owner-Builder Acknowledgment and Information Verification Form to make you aware of your responsibilities and possible risk you may incur by having this permit issued in your name as the Owner-Builder.

Property Owner must complete and submit this form; an agent of the owner may not execute this form.

Read and initial each statement below to signify that you understand and verify this information

Initial:	I understand a frequent practice of unlicensed persons is to have the property owner obtain an "Owner-Builder" building permit that erroneously implies that the property owner is providing his or her own labor and material personally. I, as an Owner-Builder, may be held liable and subject to serious financial risk for any injuries sustained by an unlicensed person and his or her employees while working on my property. My homeowner's insurance may not provide coverage for injuries to workers on my property.
	I understand building permits are not required to be signed by property owners unless they are responsible for the construction and are not hiring a licensed Contractor to assume this responsibility.
	I understand as an "Owner-Builder" I am the responsible party of record on the permit. I understand that I may protect myself from potential financial risk by hiring a licensed Contractor and having the permit filed in his or her name instead of my own.
	I understand Contractors are required by law to be licensed and bonded in California and to list their license numbers on permits and contracts.
	I understand if I employ or otherwise engage any persons, other than California licensed Contractors, and the total value of my construction is at least \$500.00, including labor and materials, I may be considered an "employer" under state and federal law.
	I understand if I am considered an "employer" under state and federal law, I must register with the state and federal government, withhold payroll taxes, provide workers' compensation disability insurance, and contribute to unemployment compensation for each "employee". I also understand my failure to abide by these laws may subject me to serious financial risk.
	I understand under California Contractors' State License Law, an Owner-Builder who builds single-family residential structures cannot legally build them with the intent to offer them for sale, unless all work is performed by licensed subcontractors and the number of structures does not exceed four within any calendar year, or all of the work is performed under contract with a licensed general building Contractor.
	I understand as an Owner-Builder if I sell the property for which this permit is issued, I may be held liable for any financial or personal injuries sustained by any subsequent owner(s) that result from any latent construction defects in the workmanship or materials.
	I understand I may obtain more information regarding my obligations as an "employer" from the Internal Revenue Service, the United States Small Business Administration, the California Department of Benefit Payments, and the California Division of Industrial Accidents. I also understand I may contact the California Contractors' State License Board (CSLB) at 1-800-321-2752 or www.cslb.ca.gov for more information about licensed contractors.
	I am aware of and consent to an Owner-Builder building permit applied for in my name, and understand that I am legally and financially responsible for proposed construction activity at the following project address: Project Address:
	I agree that, as the party legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern Owner-Builders as well as employers.
	I agree to notify the issuer of this form immediately of any additions, deletions, or changes to any of the information I have provided on this form. Licensed contractors are regulated by laws designed to protect the public. If you contract with someone who does not have a license, the Contractors' State License Board may be unable to assist you with any financial loss you may sustain as a result of a complaint. Your only remedy against unlicensed Contractors may be in civil court. It is also important for you to understand that if an unlicensed Contractor or employee of that individual or firm is injured while working on your property, you may be held liable for damages. I you obtain a permit as Owner-Builder and wish to hire Contractors, you will be responsible for verifying whether or not those Contractors are properly licensed and the status of their workers' compensation insurance coverage.
